Tennis Season Opens With A Bang

The newly organized Tennis Club staged its opening on King's Birthday June 3rd, and from the moment of the first service to the time when it was no longer possible to follow the flight of the balls, a great and glorious time was spent.

Judging from the expressions heard on all sides the event was the most enjoyable and successful that has yet been held in Bassano--and the best is yet to come.

The executive is to be congratulated upon the outcome of their efforts and upon the excellent arrangements which have been made to ensure the success of the club.

Geo. Stiller, has been elected Captain of the club and we understand that several club matches and tournaments are already being arranged.

It was due solely to kindness of Mr. J. B. Prentice that the courts were in such excellent shape for the opening. Mr. Prentice has personally supervised the whole work of preparing the courts and he has made a splendid job of it with the limited means at his disposal. The club has been exceedingly fortunate in being able to secure such skilful and enthusiastic service as Mr. Prentice has rendered.

The Club is open to all who desire to join and any member of the club will gladly give information to those desiring to become members. Mr. Carnegie, the secretary-treasurer will be glad to issue membership tickets upon payment of the entrance fee of \$5.00.

Bassano Cubs Win From Gleichen

One of the snappiest and cleanest games of baseball played in Bassano was that of Tuesday last, when Bassano and Gleichen Juniors met for the second time this season. Having beaten Bassano in Gleichen on May 24th, to the tune of 9 to 8, Gleichen fully expected to carry off the honors of the second game. When Bassano went to bat in the second half of the 9th the score stood 4 to 2 against them, but by timely hits and good base-running, three Bassano players crossed the plate, making the score 5 to 4 in their favor.

Important features during the game were the excellent good feeling shown by both teams, the attention to the game at all times, as well as the good sportsmanship of all.

The Bassano Cubs have the material for a whirlwind team. Each player played a star game, and in time, no doubt will be able to give the Bear Cubs some pointers on how to play ball.

One could not fail to notice the courtesy of the visiting team. Both in the game and out the Gleichen boys were a manly bunch (?) and Bassano will always be glad to welcome them here. Each member of the team played an exceedingly fast and clean game.

F. J. Malloy inspired the game to the satisfaction of all.

Box Score:

Bassano 0 0 1 1 0 0 0 0 3-5
Gleichen 2 0 0 1 0 1 0 0 4-4

Wants Prompt Action For To Save Russia

Paris.—A. F. Kennedy and members of the Russian Union for the Regeneration of Russia have issued an appeal to the democracies of the world for prompt action, with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission composed of delegates from all the powers, and including representatives of organized labor, which will go to Paris and explain to the people and the different Russian governments the democratic aims they are pursuing.

The appeal says: "It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereignty rights of Russia."

German People Are Learning the Truth

Have Been Ignorant of Acts Committed by Armies

Paris.—The German peace delegation, through the German correspondents, seems to be trying to prepare their country for the acceptance of the treaty. A new note is observable in the German press; for example the Liepzig Volkszeitung in explaining the enormous indemnity figure says: "It must be remembered that great tracts of French territory have been rendered useless for many years. The devastated regions of the size of Saxony. Moreover, Germany took considerable quantities of stocks and bonds from the occupied territories. In the export works, thousands of manufactured goods were taken to Germany, together with the cargoes from the ships at Antwerp and the different river boats. Finally, even the kitchens and bedrooms of the inhabitants in the occupied territories were entered. There is not a place where a German non-commissioned officer armed with a requisition slip has not presented himself. The requisitioned merchandise was resold in other countries with enormous profit."

"Better still, systematic devastation was operated in the occupied districts on a great scale. Flax, the warehouses were emptied, then parts of the machinery were destroyed and even the old iron were resold. Factories, looms, foundries, machine shops all fell into the hands of the devastation commission. It was thought thus to get rid of competition for many years or during the long period which France and Belgium would need to reconstitute their industries and restore the devastated lands. Germany hoped to be able immediately after the war to offer her products to the world."

The German people seem to have been kept in ignorance hitherto of the acts committed by their soldiers. They are just beginning to learn the truth.

German Officers to Be Tried
London.—Frederick William Hohenzollern, the former German Crown Prince, will be liable to trial under the terms of the German peace treaty, it was declared by Mr. A. Bonar Law, the government leader in the house of commons. Mr. Bonar Law said that the commandants of prison camps would also be liable under the treaty's terms.

Germans Are Given A Time Extension

New York.—The Associated Press issues the following:

A period of several days of grace has been extended to Germany by the representatives of the entente and associated governments, in which the German peace plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire.

The extension of time, which originally was to have expired on August 24, Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of such kind as to show that it would be impossible to complete them in the time they have been allowed to Thursday, May 25.

Efforts made by Germany to ascertain even the gist of the contents of the proposed reply of Germany have been without reward. A report has it, however, that lengthy notes dealing with Alsace-Lorraine, the latest Ger-

Italians Hold Back

Not Disposed to Agree With Terms Offered to Austria

Paris.—The Temps anticipates that the revision of the peace treaty which is to be offered the Austrian plenipotentiaries at St. Germain will be delayed for a few days. This will be due, the newspapers say, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Slav frontier, so long as the question of the frontier between Italy and Jugo-Slavia remains undetermined.

Papal Secretary Pleads For Hums

Note Declares Peace Proposals Are Impossible

Rome.—Cardinal Gasparri, the papal secretary of state, had written in the name of the Pope an official note to Col. E. M. House, of the United States peace delegation, transmitting the arguments sent to the Pontiff by the German ships to demonstrate the absolute impossibility of their country fulfilling the peace conditions imposed by the allies.

In his note, Cardinal Gasparri explained that the Pope takes no part in the favor of Germany as he would do for any country requesting his assistance, as he is only animated by humanitarian feelings. The cardinal adds that the Pope has also done the more willingly since he was alone the village of Vianova, where Chet XII took refuge after the battle of Polona in 1709.

Germans Resented Week Of Mourning

Order Decreed by Government Far From Being Effective

Paris.—The week of mourning in Germany decreed by the government because of the terms of the peace treaty appears to have met with little success. The German musicians in particular seem to be resentful over the order as a measure which prevented them from earning their daily bread, while the French, Belgians, Czechs and the Berlin Tagblatt admit that the mourning was far from being completely effective. Reports are that nearly all the musicals remained open, and that in some places the people danced all night. One bit of punk, that the general mourning ought to have been ordered in Germany."

"It is not now, but on August 1, 14, that general mourning ought to have been ordered in Germany."

Strong For Der Faterland

Bastard.—At a meeting at Kaiserlautern, more than 500 school masters and school mistresses of the Palatinate adopted a resolution asserting their attachment to Germany. The resolution also protested against any attempt to separate the Palatinate from Germany.

Typhus Is Raging Among Bolsheviks

In Rumania, Ukraine and Galicia Stories Told Are Gruesome

Vienna.—Typhus is raging among the Bolshevik troops operating against the troops and people of Ukraine and in East Galicia and Lemberg. A. A. Frick, Swiss agent of the International Red Cross and nephew of H. C. Frick, of New York, has arrived in Vienna, suffering from typhus. He spent March and April in Galicia and the Ukraine. About 2,000 Austro-Hungarian prisoners returning home from Russia and killed by the Czechs on their way out from typhus. So many have died in box cars that their comrades merely threw the bodies out, leaving them unburied in the open tracks.

It is feared that the Polish army under Gen. Haller, will encounter the typhus which is prevalent in the old fields they are occupying. The hospitals in Lemberg are filled with typhus cases.

Russia at War With Rumania

Bolshevik Troops Have Defeated the Rumanians and Occupied Two Towns

London.—Owen Dymally's disregard of the ultimatum from the Russian Soviet government demanding an evacuation of Besarabia, a part of the province of Bessarabia, according to a wireless dispatch from Moscow received here, has resulted in the Russian army of the Danube river in the Tiraspol district, where they have defeated the Rumanians and occupied Tcheretich and the village of Vianova, where Chet XII took refuge after the battle of Polona in 1709.

Czech-Slovaks Return

Shipping Is Being Gathered Up to Transport Fighters

Vancouver.—The Czech-Slovaks, formerly of the Austrian army, who were ordered to Russia by the allies for their oppressors, and who later freed Siberia from the Bolsheviks, are returning to their home in Bohemia. Shipping is being gathered up with which to transport these great fighters back by way of Vladivostok.

This was the report brought by veteran Czech-Slovak officers, who arrived by the Empress of Japan from St. Petersburg. The party is taking which to Bohemia the archives of the Czech campaign in Russia. With exhibits included, they freight boats in most 30 tons. They will go by way of Winnipeg, Toronto and New York.

German Captain Suicides

Was Arrested on Charge of Common Robbery

Coblenz.—Max Kaasch, formerly a captain in the German army, who was arrested several days ago by United States intelligence officers on a charge of having in his possession property of the French military authorities, planned to return him to France and try him on a civil court charge of common robbery. Kaasch was turned over to the French authorities, and killed himself in the jail at Boppard, in which he had been placed for the night.

Lien and other property found in the officer's home in Coblenz, authorities say, was stolen during the war from French homes in Douai.

Reds Preparing New Drive

Paris.—The Russian Bolshevik foreign minister, Tcherichin, in a message to Bela Kun, the Hungarian communist leader, concerning the reported advance of Admiral Kolchak, head of the Quak government, declared the situation is misinterpreted. He says that Admiral Kolchak is in a less favorable position than is supposed and that the Bolsheviks are preparing a counter-offensive which they hope will be successful. This information is contained in a wireless message received here.

Bolsheviks Routed by Poles

Warsaw.—On the Lithuanian front, the Bolsheviks launched strong attacks against Podbrzezie, northeast of Vilna, but were repulsed with heavy losses. Polish advance guards have reached the border of Lithuania and artillery, it is added, have bombarded Polish positions on the border. The Polish army has been there has been a sharp fighting on various other sections of the front.

Germans Must Share Economic Losses

Protest to Peace Terms Answered by Allied Governments

Paris.—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been received. The German peace plenipotentiaries. The reply is under eleven heads, and answers each German contention. It declared that the allied and associated governments, in framing the economic terms, "had no intention to destroy Germany's economic life." On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.

The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of military will relieve the German people of an immense burden of taxation, and return to the ranks of useful producers millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activity.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The allies' answer is that the destruction of merchant ships, which began by Galicia submarines, had the unfortunate effect of limiting the opportunities for work of seamen throughout the world. The allies' reply is that the German note fails to take into consideration the fact that the economic disadvantages growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

Rumanians Protest Against Polish Advance

Poland Has Not Ceased Fighting in Accordance With Paderewski's Promise

Paris.—The Ukrainian armistice commission here has lodged a vigorous protest with the Peace Conference against the Polish advance in Galicia subsequent to the Paris agreement providing that hostilities be suspended. Premier Paderewski's inability to fulfill Poland's pledge has the entire, that the armistice would be respected, is causing much embarrassment to the allies. The supreme command in the Ukraine, however, is of continuing assistance to stage asking for supplies, but fighting on regardless of pledges.

Minister Of Blockade Resigns

French Leader Considers Terms of Treaty Too Generous

Paris.—Baron Denys Cochon, former minister of blockade, has resigned from the right group in the chamber of deputies, after a meeting of the group, at which it was decided to send a note to Premier Clemenceau criticizing the peace treaty.

In a letter addressed to the Temps, Baron Denys Cochon declares that the treaty is too generous to the worthy of France and her allies. If it weighs heavily upon Germany, he said, it is because Germany's crimes "were big, and that her reparations will be costly—what is justice."

Delegates Say Terms Unacceptable

Copenhagen.—The conference of German political leaders and German peace delegates at Spa agreed that the peace terms were unacceptable, according to a dispatch to a German semi-official statement, and that Germany will leave no stone unturned in an attempt "to find a practicable basis of peace which takes into account our opponents' justifiable demands and those capable of being borne and carried out by the German people."

BASSANO MUNICIPAL HOSPITAL

Notice To Ratepayers

In accordance with the terms of the Municipal Hospital Act, petitions were received on Nov. 20th by the Minister of Health as submitted by the creation of a Municipal Hospital District including the territory described below.

Complying with these petitions, the Minister of Health established the Bassano Municipal Hospital District on Jan. 4th. Following the establishment of the District, the Municipal Council in the said district, in accordance with the terms of the Act, duly appointed a Hospital Board to prepare a scheme for the building and operating of a hospital in the said district.

The Hospital Board met and prepared the scheme outlined below. This scheme is now, under the direction of the Minister of Health, to be advertised throughout the said district for a period of fourteen days, following which, providing all other conditions have been complied with, the scheme will be finally approved and a date fixed, not exceeding thirty days from the date of said approval, upon which the ratepayers of the said District will be called upon to vote for the adoption or rejection of the said scheme. The territory included in the Hospital District is as follows:

- (a) Town of Bassano.
- (b) All Improvement District No. 217.
- (c) All Improvement District No. 218.
- (d) All Improvement District No. 180.
- (e) Improvement District No. 170.
- (f) Township 19, Ranges 18, 19 and 20.
- (g) Township 19, Range 18, 19 and 20.

The Hospital scheme submitted by the Board upon which the ratepayers will be asked to vote, is as follows:

To be voted to accept a transfer from the Town of Bassano, requiring the Municipal Hospital, land, and equipment, free from all encumbrances, and requiring the present Debenture Indebtedness of the Town of Bassano, to be paid by the Board to pay the sum of Six Thousand Dollars (\$6,000.00), payable by issuing of present Debentures, Indebtedness of Five Thousand Dollars (\$5,000.00), with interest at 6% dating from April 1st, 1919, and the sum of One Thousand Dollars (\$1,000.00) to date. The said Debentures to be paid by the Board on the same terms and conditions as those on which the Town of Bassano originally made by the Town of Bassano.

2. The Board to extend and to equip the Hospital to meet the requirements of the district, subject to the approval of the Minister.
3. The Board to supplement the revenue derived from taxation by a schedule of fees as under:

- (a) From the ratepayers and members of his or her family, \$4.00 per hospital day.
- (b) Resident non-ratepayers upon the payment of \$5.00 on or before the first day of September, 1919, and on or before the thirty-first day of January in each subsequent year, shall be entitled to the ratepayer's fee of \$1.00 per day.
- (c) Non-residents and residents of the district failing to comply with paragraph (b) thereof shall pay \$5.00 per day.

- (d) Operating room free to ratepayers and non-ratepayers complying with paragraph (b) thereof. Operating room charges to all others—Minor operations \$5.00, major operations \$15.00.
4. In addition to assuming the existing Debenture Indebtedness of Five Thousand Dollars, (\$5,000.00) as provided in Section 1 of this scheme, the Board to create a further Debenture Indebtedness not exceeding Fifteen Thousand Dollars, (\$15,000.00), ten (10) year Debentures at 7% for the purpose of Section 2 of this scheme.
5. To repay the existing Debenture Indebtedness as provided in Section 1 of this scheme, and to create an annual fund (fund to provide for the repayment of principal and interest).

ESTIMATED REVENUE
Hospital fees from ratepayers and resident non-ratepayers \$3000.00
Revenue from resident non-ratepayers as provided in paragraph (b) Section 3 of this scheme 1000.00
Government Grant 500.00
Assessment Revenue 1500.00
\$6000.00

ESTIMATED EXPENDITURE
Interest on existing debentures \$400.00
Principal repayment on debenture Indebtedness 1200.00
Interest on new debenture issue 1050.00
Principal repayment debenture issue 1000.00

Health Inspection In Schools

School Boards Should Get Busy

Fee charged is very small and work will have far-reaching effect on the health of the coming generation.

It is of prime importance that School Trustees should avail themselves of the services of the Public Health Nurses, who, next week, shall be stationed in different centres in the Province to conduct child welfare stations and to have the children attending school. Although for years it has been optional with the Trustees in rural school districts to have medical inspection of the children attending school, but a small percentage of the schools have ever been inspected. To render this service more general and at the same time to reduce the expense to School Districts, Registered Nurses, by means of a special course of instruction given at the Provincial University, are being qualified to do this work. In the various cities, towns and villages throughout Canada where there is inspection of schools by doctors and nurses, about forty per cent of the children are found to have ailments that are prejudicial to health. Although the Legislature did not make such inspection compulsory in rural schools, it is inconceivable that any board having the knowledge of where a Nurse-Inspector is located will do so except as to request at once that the school be inspected. The Department of Health is bearing about one-half of the whole expense.

In training the nurses, pay their salaries and living expenses, and the school district is asked to pay only a maximum of \$20.00 with a minimum of \$10.00 for each inspection of all children attending any rural school. There is hardly a board from various parts of the Province for such inspection. There are only twelve such specially trained nurses in the Province. They will be placed at particular centres and two will probably be given each a roving commission.

The necessity of such inspection may be illustrated by the average result of such inspection in 1918 of the schools on leading cities in the United States, where on an average of 1000 children inspected it was found that there were 250 ailments actually injurious to health at the time of inspection in the

following number of children, as to teeth 424, about 201, eyes 132, nose 116, glands 118, ears 50.

Professor Aker, recently addressing the Academy of Medicine in London, England, said "71% were asked to say whether more physical deterioration was produced by alcohol or by defective teeth. I should say by defective teeth."

If school trustees are in any doubt as to the beneficial result of the inspection of their school by a nurse-inspector, they are advised to write the Secretary-Treasurer of any school district for inspection. There were only four such nurses heretofore qualified. They inspected a number of schools last year and these, among others, Canadale Consolidated, Crystal Lake, Beaver, Moose, etc., near Lethbridge; Southfield Consolidated, Hainbury, Keyesville, and others near Youngstown; Killam, Poplar Park, Asquith, etc., as near Killam; Vermilion, Centre, New Mansville, Bowling Green, etc., as near Vermilion.

Several towns and villages are now co-operating with the trustees of the surrounding districts so that a nurse may be stationed to conduct child welfare work and to inspect the schools and give health talks to every district. The Minister of Health has found that while the fee of from \$10.00 to \$20.00 according to attendance is considered very reasonable as to rural school districts, the straight maximum charge of \$20.00 per room in the towns and villages is considered excessive, and the Minister agrees that it is excessive. He has therefore written all parties interested and asked that for their effort in co-operating the work that to any town or village that secures co-operation of at least ten rural school districts, that is inspection and furnishing transportation for the nurse; he will allow such town or village a deduction and the amount such town or village will be required to pay will be \$20.00 for the first room and only \$10.00 for each other room. Thus in a five-room village or town school the payment will be \$20.00 (not \$100.00). The Minister holds that he can observe the Salute by giving the Trustees a receipt for the remaining \$80.00 for services rendered the Department and similarly in all cases, no matter what is the number of rooms. It should be clearly understood, however, that no nurse will be placed at any centre to do child welfare work, except in connection with school inspection. It is hoped that the eight graduate nurses will commence work next Monday.

The average parent in the Province is alive to the necessity of thorough inspection of all school children. Just one of his children may be designated as a child afflicted with a communicable or other disease. In some school districts it has been found that there are forty rate-payers and only a few children attending school, therefore the minimum fee of \$10.00 applies and therefore the cost to each rate-payer is but 25 cents. It seems quite clear that as to any trustee who does not bestir himself and immediately arrange to have his school inspected, his service as a trustee will not long be required in any district. Requests have come from several districts to recall trustees who are not active in taking steps to secure school inspection.

The Public School Inspectors are very enthusiastic over this work and are willing to give all the assistance they possibly can to assist in the necessary organization or in any other way.

EQUITY and CO-OPERATIVE

What two words in the English language mean more? What can be more purely equitable and co-operative than ten thousand or more farmers joining together and agreeing among themselves that those who are so fortunate as to escape the destruction of their crops by hail would pay to those who lose their crops by hail their losses up to \$10.00 or more per acre.

What can savor more of graft than to have a few men agree to pay the losses and charge the highest possible rate for the risk and pay as little as possible when the loss occurs.

The first kind of protection can be secured to the extent of \$8.00 per acre through the Municipal Act if you are in an organized district.

As much additional insurance as you may want can be obtained by carrying it with the two Farmers Companies now doing business in the Province of Alberta.

Thirty-three other companies doing business in the province have done all in their power to prevent the farmers from carrying their own Hail Insurance but it did not work.

The People's Market Limited, are acting as Agents for the two Farmers Companies.

Ask their nearest representative how you can get your insurance by co-operation and be sure of Equity in the cost and adjustments of losses.

Manager Torgan is to be congratulated upon the success of his efforts to continue the splendid service which the habitants of the Grin have become accustomed. He is featuring one of Griffith's masterpieces "The Great Love" for Friday and Saturday, and should find capacity houses, for it is a picture well worth while. After this week the Theatre will open at 8.30 p.m.

WOULD YOU

Go to a Veterinary Surgeon if you had Appendicitis? NO?

Then why take a Ford whose "innards" are upset, anywhere else than to a Ford Specialist?

We have a Ford Specialist who guarantees to cure any ailment your Ford may be suffering from.
